CANDY GAME - Instructions

Overview

Challenge your guests to match your favorite candies with their slogans, adding an element of sweet fun to your party. Whether you're planning a family get-together, a church gathering, a traditional party, or even a virtual Zoom celebration, Sweet Treats promises to sweeten the occasion and bring joy to all.

Game Set Up

- Each player needs:
- 1 pen or pencil
- 1 printable
- Clipboard (optional)

Pass out a pencil and printable to each player. A suggestion is that everyone keeps the game face down until beginning to keep it fair for everyone.

Game Play

Set a timer (suggested 3 minutes). Players turn over their paper and attempt to match the candy hint with the candy. When the timer ends, players must put down their pens, even if not finished.

Winning the Game

The host reads aloud each clue and answer. Players earn one point per correct answer. When all answers have been given, players tally their points. The player with the highest count wins.
